Feeling the glow of happiness 😊

- How far does each of following factors affect your level of satisfaction with your life?
 - **Food:** range vs. quality
 - **Travelling:** frequency vs. where you go
 - **Job:** what you do vs. your salary
 - **Things you buy:** uniqueness vs. real bargains
- Can any of these improve your sense of satisfaction with your life? How permanent would this feeling be?
 - Having a gun
 - Being friends with a celebrity
 - Partying all weekend
 - Helping the poor
 - A new gadget
- If you could go back in time, do you think you would change anything that could make you happier?

Satisfaction Guaranteed!

- When was the last time you really enjoyed something? Why do you think it was so pleasant?
- When you receive a service or buy something, do you like to openly show if you are pleased or not?
- How much do you trust vendors when they provide you with money-back guarantee?
- How do you feel when others speak about how satisfied or unsatisfied they are with a product or service? Do you even care?

It's hard to please everyone

- Do you ever try to find out how pleased others are with you or what you do for them? How?
- How do you try to improve other people's satisfaction with what you do?

Too happy...?!

- Would you rather be completely content with something or do you like a little imperfection here and there?
- Do you think total satisfaction is possible for everyone?
- Does anyone have the right to resort to using drugs to feel more satisfied in the face of adversities?
